

# IT GOVERNANCE

# COMMITTEE OBJECTIVES

## ARCHITECTURE & INFRASTRUCTURE COMMITTEE

---

- + Analyze current state of the network and benchmark against peer institutions.
- + Identify duplicated IT infrastructure and recommend consolidation.
- + Develop knowledge base for technical standards and IT resources.

## ENTERPRISE APPLICATIONS COMMITTEE

---

- + Analyze current landscape of IT services provided across campus.
- + Examine communication and collaboration tools across the university.
- + Support regulatory and security compliance through centrally funded tools.
- + Develop central procurement process for IT resources.

## INFORMATION RISK, POLICY, & SECURITY COMMITTEE

---

- + Assess security risks and identify security tools to be standardized across the university.
- + Identify strategies for applying HIPAA, including protecting PHI and PII data.
- + Identify strategies for addressing the impact of Controlled Unclassified Information (CUI).
- + Develop security program designed to raise the security posture of the university.

## RESEARCH & INNOVATIVE TECHNOLOGIES COMMITTEE

---

- + Survey TAMU researchers to understand research technology needs.
- + Create plans to position Texas A&M University as a premier technology institution.
- + Defining and exploring funding models for computing based on peer benchmarking.

## IDENTITY, DATA AND ACCESS COMMITTEE

---
